PROFILE

A motivated and detail-oriented individual seeking a step internship in a fast-paced environment. With a strong background in communication and problem-solving, I am confident in my ability to learn and contribute to a team. I am a quick learner and thrive in a dynamic and challenging environment.

EDUCATION

BTech, Electrical Engineering   12/2021 – present
Indian Institute of Engineering Science and Technology, Shibpur
- Cumulative GPA: 8.13
- Relevant Coursework: Adv. Probability, Adv. statistics, Adv. Calculus and Infinite Series

PROJECTS

Sliding Text Animation ⧉   10/2022
- Used **HTML** to structure the text and **CSS** for styling and animation
- Set the animation to repeat indefinitely using the "infinite" property
- Used the "transform" property to move the text horizontally across the screen

Drum Kit ⧉   09/2022
- Created a drum kit project using **HTML, CSS,** and **JavaScript**
- Utilized **HTML** to structure and layout, **CSS** for styling and visual design and **JavaScript** to make the drum kit interactive and responsive to user input
- Utilized event listeners and functions to trigger audio files and visual effects on drum kit elements when clicked or pressed

Dice Challenge ⧉   10/2022
- Created a dice challenge game using **HTML, CSS**, and **JavaScript**
- This is a simple dice game, it shows a random number to both players, player with the high number wins the game.
- Utilized **DOM manipulation** to generate dice roll results

Moodify-Spotify clone
- Created a Moodify - a **Spotify clone** using **HTML** and **CSS**
- LightHouse Result - Performance: 0.80, Accessibility: 0.89, Best Practices: 0.78, SEO: 0.92, PWA: 0.8

SKILLS

C++	▬▬▬▬▬▭	Competitive Programming	▬▬▬▬▭▭
DSA	▬▬▬▬▭▭	HTML/CSS/JavaScript	▬▬▬▬▬▭
Git and GitHub	▬▬▬▬▭▭	Content Writing	▬▬▬▬▬▭

ACHEIVEMENTS & CERTIFICATIONS

Completed Hacktoberfest
10/2022
Improved my skills in Git and GitHub.
Learnt about different open-source projects and how to contribute to them
Improved my coding skills by solving issues.

100 days of Code ⧉
10/2022
Solved 100 problems
Learnt importance of consistency, time mangement and discipline.

Excellence in C++ ⧉
01/2022
I have learnt C++ through Coding Ninja course. I solved 100+ questions during the course.

Public Speaking ⧉
10/2021
Learnt the importance of planning and organizing a speech. I also learned the importance of engaging the audience through the use of eye contact, voice inflection, and body language.

Certificate for DSA ⧉
07/2022
I have solved 200+ questions on various coding platforms. I have learnt various data structures such as arrays, linked lists, stacks, queues, trees, and graphs also Algorithms such as searching, sorting, and graph traversal. Understand how to analyze the time and space complexity of algorithms and how to optimize them for better performance.

EXPERIENCE

Open-Source
- Contributed to 7+ open source projects using both **DSA** and **Web Development**.
- Improving coding skills through code review and debugging
- Completed **Hacktoberfest** 2022 successfully.

Member of CODE IIEST   05/2022 – present
Content Writing
- Strong writing and editing skills
- Ability to research and gather information for accurate content
- Time management and ability to meet deadlines

Mentee at Codess Cafe   04/2022 – present
- Got an opportunity to increase my network.
- Through this program, I was able to give a kickstart to my **open-source** journey.
- Learnt mentorship and communication skills
